IT'S ALL ABOUT THE INTAKE!

Equine Pro

Low moisture, cooked tubs for optimal animal nutrition. Consistent Nutrient Delivery
Made in the USA

ABOUT THIS PRODUCT

Equine Pro Tub is highly fortified to meet the nutritional needs of your horse in a convenient self-fed low moisture block supplement. The highly palatable molasses-based formula promotes a consistent nutrient delivery to promote overall performance. Equine Pro Tub is fortified to meet the basic mineral and vitamin needs of most equine. Intake control is best achieved with management of tub placement and may include limiting access to the supplement.

FEEDING DIRECTIONS

Feed one (1) tub per every 1 to 10 head. Place tubs in a dry area near loafing area near salt, and water. Adjust ratio if needed to achieve desired intake after the initial acclimation period. Feed at the rate of 3.0 to 5.0 ounces per 1000lb. of bodyweight per head daily.

Intake of the Equine Pro Tub may require management intervention to achieve the desired intake.

Provide fresh clean water at all times.

CAUTION

Follow label directions. The addition to feed of higher levels of premix containing selenium is not permitted.

WARNING

This product contains copper. **DO NOT FEED TO SHEEP.**

Available in 200 lb. and 50 lb. plastic tubs

NUTRIENT ANALYSIS

Crude Protein, min	14.0%
Crude Fat, min	5.0%
Crude Fiber, max	3.0%
