

IT'S ALL ABOUT THE INTAKE!

Mineral Tub with Altosid®

**Low moisture, cooked tubs for optimal animal nutrition. Consistent Nutrient Delivery
Made in the USA**

ABOUT THIS PRODUCT

Balanced and complete mineral supplement with Altosid® insect growth regulator for the control of the horn fly is for beef cattle on pasture. Cow Country Mineral Tub with Altosid® is consumed by the cattle's licking action and naturally self-limiting due to the consistent nutrient density and hardness.

Cow Country Mineral Tub with Altosid® is naturally weather resistant and reduces the risk of losing valuable mineral to wind and rain. Daily intake of Cow Country Mineral Tub with Altosid® can be more consistent than conventional loose free choice mineral which can result in a more even delivery of the feed through fly control.

FEEDING DIRECTIONS

Feed at the rate of one (1) tub for every 25 to 35 head. Place tubs in dry locations near loafing areas, salt, and water supply. Mineral Tubs should be fed at the rate of 0.25 to 0.50 lb. per head daily. Free-choice salt should be offered to animals. Intakes are approximate only and may vary with feeding conditions.

Provide fresh clean water at all times.

WARNING

This product contains copper. **DO NOT FEED TO SHEEP.**

Available in 200 lb., 225 lb., 50 lb. plastic tubs

NUTRIENT ANALYSIS

Calcium, min-max	7.0 – 8.4%
