

IT'S ALL ABOUT THE INTAKE!

All Season Premium Mineral

**Low moisture, cooked tubs for optimal animal nutrition. Consistent Nutrient Delivery
Made in the USA**

ABOUT THIS PRODUCT

All Season Premium Mineral is a balanced and complete mineral supplement for beef cattle. The product is consumed by the cattle's licking action and naturally self-limiting due to the consistent nutrient density and hardness.

All Season Premium Mineral is weather resistant and reduces the risk of loss to wind and rain. Daily intake of a mineral tub can be more consistent than conventional loose free choice mineral and can aid in modifying cattle grazing patterns by strategic placement of the tubs.

FEEDING DIRECTIONS

Feed at the rate of one tub for every 25 to 35 head. Place tubs in dry locations near loafing areas, salt, and water supply. Mineral Tubs should be fed at the rate of 0.20 to 0.50 lb. per head daily. Free-choice salt should be offered to animals. Intakes are approximate and may vary with feeding conditions. Provide fresh clean water at all times.

WARNING

This product contains copper. **DO NOT FEED TO SHEEP.**

Available in 200 lb., 225 lb., 50 lb. plastic tubs

NUTRIENT ANALYSIS

Crude Protein, min	8.0%
Crude Fat, min	5.0%
Calcium, min-max	5.4 - 6.4%
Phosphorus, min	4.0%
Salt	none added
Copper, min	750 ppm
