IT'S ALL ABOUT THE INTAKE!

COW COUNTRY EQUINE TUB

Low moisture, cooked tubs for optimal animal nutrition. Consistent Nutrient Delivery
Made in the USA

ABOUT THIS PRODUCT

Cow Country Equine Tub is highly fortified to meet the nutritional needs of your horse in several convenient sized container options. The highly palatable molasses-based formula promotes a consistent nutrient delivery to aid overall performance.

Cow Country Equine Tub is fortified to meet the basic mineral and vitamin needs of most equine. Intake control is best achieved with management of tub placement and may include limiting access to the supplement.

FEEDING DIRECTIONS

Feed one (1) tub per every 2 to 20 head. Place tubs in a dry area in loafing area near salt, and water. Adjust ratio if needed to achieve desired intake after the initial acclimation period. Feed at the rate of 3.0 to 5.0 ounces per 1000lb. of bodyweight per head daily. Intake of the Cow Country Equine Tub may require management intervention to achieve the desired intake. Provide fresh clean water at all times.

WARNING

This product contains copper. **DO NOT FEED TO SHEEP.**

Available in 200 lb., 125 lb., and 50 lb. plastic tubs
